The General Officers for this Column were his yal Highneſs Prince Charles, the Veldt Marſhal Count Kevenhuljer, Lichtenſtein, Berlingen, Belaira, Charles ſi, Francis St. Ignon, Lacchefi, Locatelli, Bentheim, gatſch, Wallis, Konigſegg, Piccolomini, Marſchal, Roth. e Commiſſaries of War, the Chancery, the Military ſt, the Poſt Office, were all with this Column; as alſo the Phyſicians Baggage and Attendance, part of Proviſions and Baggage, and the Pruſſian Voluntiers. s Column had marched by Witliſingen, where it ed on the 11th; Okenhauſen, Bartholomei, Burgau, ere it remained on the 15th; Lorch and Schorndorff, whence it arrived here this Day, and is to conti- here To-morrow.

The ſecond Column has directed its March by Det- gen, Glengen, Gerſtettin, Alſtadt, Fauendau; and after ing reſted on the 11th, and on the 15th, arrived on 17th at Eſſingen. It is compoſed of 15 Regiments, Charles of Lorrain, Hildbourghauſen, Molck, Ko- ſegg, jun. Hanach Waldeck, Broun, Althan, Phili- , Lobkowitz, Podzazki, Bernes, Zollein, St. Ignon, kenfeld. anover, July 19. It is impoſſible to expreſs the Joy ed here by the Accommodation between Ruſſia and den, on account of the Advantage the former hath ed the latter, in order to eſtabliſh a laſting and ſolid e. We are not leſs ſatisfied with the Ceſſation of s between the Emperor and the Queen of Hungary, uſe we apprehend, it will be followed by a Re-eſta- ment of the Harmony between the Houſes of Ba- and Auſtria, under the Mediation of certain Princes ermany. But we are, however, not without great chenſions of an open Rupture between the Prince's he Houſe of Lorrain and the Crown of France, on unt that the former have reclaimed their Hereditary ntries, and the laſt mentioned Court is, by no means, ned to part with them. We believe, however, that Crown will be obliged to find out ſome Means to con- theſe Princes, in Favour of whom many of the ers of Europe intereſt themſelves, to prevent any er Effuſion of Blood, and, above all, a general War, which France is at preſent in no proper Condition. e arrived here, the Day before Yeſterday, from and, Eighteen Horſes of matchleſs Beauty; and this ng early they ſet out for Vienna, to which City will proceed, (for fear of Accidents) by very ſlow nies.

atiſbon, July 18. Some Thouſands of Bavarian Pea- have Orders to march to Straubengen, in order to nployed in the Works carried on there, during the of the Place, which is to be opened in Form this ſevenight. When the Garriſon of Braunau evacuated Place on the 4th of this Month, they left behind the Artillery, Ammunition, and Proviſions, toge- with their Arms. The Body of Troops marched conſiſting of 4000 Men. Great Numbers of Hun- ns are defiling every Day to Bavaria, in order to join, n as poſſible, the Army of Prince Charles. There lſo ſuch a Body of Irregular Troops marched from Upper Palatinate, as will altogether reinforce his with 12,000 Men, and we then ſhall reckon that 75,000 ſtrong.

IRELAND.

ughrim, July 13. Yeſterday being the 12th of July, the Aughrim Club met at the Warburton's Arms in the ſaid Town, to celebrate that happy Day which deliver'd us from Slavery, where we drank the King, Prince of Wales, and Royal Family, our young Hero the Duke of Cumberland, the glorious Memory of King William, all the Members of the Boyne Club, his Majeſty's Forces by Sea and Land, Succeſs to the Queen of Hungary, and ſeveral other loyal Toaſts: At Night we had a Bonfire on the Spot where St. Ruth was ſhot, and Hogſheads of Beer for the Populace; at twelve at Night not one ſober Man was to be ſeen in the whole Town. We don't part till Saturday Night, according to Cuſtom.

Four Batchelors in Laws; 22 Maſters in Arts, and three Batchelors in Arts.

An odd Adventure which happened to Oliver Crofton, Eſq; laſt Monday Morning between One and Two o'Clock, has made a great deal of Noiſe in Town. As he was walking home alone, a Fellow on the oppoſite Side of the Way, from the waſte Ground in Grafton-ſtreet, very near his Lodging, and within 100 Yards of a Watchman's Stand, without ſpeaking a Word, ſnapp'd a Piſtol at him, which miſſed Fire. Mr. Crofton, on ſeizing the Fellow, found a naked Hanger in his left Hand. On his being examin'd next Morning before the Lord Mayor, he could in no Shape clear up the Matter, but owned he was a Cobler, that worked in the Neighbourhood where Mr. Crofton lodged, and had a very large Family; and ſaid he lay there in wait for ſome Rogues that he expected, in order to apprehend them; and firſt ſaid that he ſnapp'd the Piſtol, which was loaded, to try it, and after ſaid he ſnapp'd it accidentally. It was obſerved the Piſtol was in very good Order. It is ſuppoſed his Deſign was not to rob him, as he ſaid nothing to him, and the firing of the Piſtol firſt, muſt have alarmed the next Watchman, and conſequently prevented that Attempt.

On Wedneſday laſt died, at his Houſe in Peter-ſtreet, Mr. Jacob Walton, a very eminent Mathematician. We hear he has left his Fortune, which was above 4000 l. to his Two Maid-Servants.

The Publiſher to the Reader.

I think myſelf obliged to own this Poem is Publiſhed without the Conſent or Knowledge of the Author, for which, I hope, I ſhall obtain his Pardon; as it would be an Injury to the World to confine a Piece, that has been ſo juſtly approved, to the Hands of his particular Friends.

The only true Specifick Chymical Liquor, *For* Diſſolving *and bringing away the* Stone, *whether in the* Kidneys, Ureters *or* Bladder; *and for inſtantly curing the* Strangury, *and all Heat, Pain, Stoppage, or Difficulty in making Water.*

THE very firſt Doſe of it gives perfect Eaſe in a Moment, even in the moſt racking Fit of either Stone or Gravel, and at once entirely frees the Patient from the Strangury, and all Heat, Pain and Stoppage of Urine; it dilates the Ureters, makes them ſlippery, that the Crumblings of large Stones, together with Sand and Gravel, may paſs freely from the Reins, and be voided eaſily with Urine without Pain; effectually cleanſes the Kidneys, Bladder, and all Urinary Paſſages from gritty calculous Matter; heals all internal Excoriations or Soreneſs of the Parts, directly takes off all Pain in the Back, and thoſe Pains ſo much like the Cholick, and may be depended upon to diſſolve large Stones, ſo as infallibly to cure that moſt miſerable Diſtemper.

It gives ſuch ſudden and unſpeakable Relief, that whoever takes but one Doſe of it, will be thoroughly convinced of its ſurpriſing Efficacy, which many Hundreds have happily experienced to their infinite Satisfaction.

It is ſuch an agreeable Diuretick and powerful Diſſolvent, that it infallibly prevents the Stone in thoſe who are troubled with Gravel only; and for the perfect Cure of either Stone or Gravel, and all Diſorders of the Kidneys, Ureters, or Bladder, occaſioned thereby, is the only true Specifick Remedy that can be ſurely and ſafely rely'd upon, as it gives inſtant Eaſe as ſoon as taken, (even when nothing elſe will) and infallibly accompliſhes a perfect Cure without the leaſt Trouble, being pleaſant to the Palate, agreeable to the Stomach, and comforting to the whole Body. It is to be had only of the Gentlewoman at the Sign of the Crown, over-againſt the Church in Coleman ſtreet, near Cheapſide, London; at 3s. 6d. a bottle, ſeal'd up with Printed Directions at large.

Concerning Gleets *and* Seminal Weakneſſes *of all Kinds.*

ALL judicious Phyſicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weakneſſes, whether occaſion'd by too ſevere purging for Venereal Injuries, violent Strains, Pollutio ſui, or any other Cauſe whatever; and that they are dangerous in their Conſequences, as well as difficult to cure, is as certain, ſince they exceedingly weaken the Generative Faculties, infeeble the whole Nervous Syſtem, often bring on Hectick Heats, a Tabes Dorſalis, or Conſumption of the Back, or an Atrophy or Nervous Conſumption, which frequently terminate in Death itſelf.

All ſuch, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effuſions, Involuntary Emiſſions, exceſſive Nocturnal Pollutions, or any Weakneſs of the Kidneys, Ureters, or Bladder, the Diabetis, or Incontinency of Urine, or Difficulty of holding their Water, would doubtleſs be glad to meet with a certain, ſafe, and ſpeedy Cure, which they moſt aſſuredly may, by taking only a ſmall Quantity of a tranſcendent Balsamick Restrictive Electuary, now publiſhed for a general Good, after having for many Years been experienc'd never once to fail perfectly curing the moſt Stubborn Gleets known, in a few Days, without Difficulty or Trouble; as alſo all other Weakneſſes of the Back, Reins, Seminal Veſſels, and Urinary Paſſages, whichit almoſt inſtantly cures, bringing to rights and reſtoring all thoſe Parts and Paſſages to their natural Tone and priſtine Vigour, in a very extraordinary Manner, and by taking a few Doſes of it only.

This tranſcendent Balsamick Restrictive Electuary is neither diſagreeable to take, nor occaſions the leaſt Diſorder, but is a wonderful Reſtorative in all Weakneſs and Decay of Conſtitution of any Kind, and particularly ſtrengthens the Back, Reins, Seminal and Urinary Veſſels to an immenſe Degree, inſomuch that in any Debility of them, one Doſe of it does more than ten of any other Remedy yet found out; and all Perſons fatigu'd with Gleets or Seminal Weakneſſes of any Sort, or Weakneſſes of the Urinary Veſſels, who take it, will in three Days time find it ſo very effectual, that they will be moſt agreeably ſurpriſed at it.

When a Medicine will infallibly accompliſh ſuch a ſafe, ſpeedy and perfect Cure of ſuch difficult Maladies, as Gleets and Seminal Weakneſſes are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be ſaid in it, and this All who ever took it for any of the above-mention'd Purpoſes, have readily declared.
